2025 DETACHMENT BOARD ANNUAL REPORT

2023-2025 STRATEGIC PLAN

Priorities and Commitments

PEOPLE

A healthy and resilient OPP

We will strive to support all members in achieving their professional and personal best.

WORK

A responsive and evolving OPP

We will empower our members to ensure the best possible policing services are delivered to Ontarians.

COMMUNITIES

A collaborative and progressive OPP

We will partner and build relationships with a shared vision for safety and well-being.

Message from the Detachment Commander

I am pleased to present the Almaguin Highlands Detachment – 2025 Detachment Board Annual Report. This report provides an overview of crime, traffic enforcement, and community well-being outcomes, and highlights key initiatives and operational results achieved over the past year. As 2025 marked the final year of the 2023–2025 Almaguin Highlands Detachment Action Plan, this report delivers a comprehensive summary of progress made toward those established commitments.

Throughout 2025, members of the Almaguin Highlands Detachment remained focused on enhancing public safety, strengthening community partnerships, and delivering professional, responsive policing services. Their dedication to community engagement, particularly with youth and vulnerable populations, continues to support trust, accountability, and confidence in policing across the detachment area.

I am proud of the commitment demonstrated by our members and grateful for the continued collaboration of our municipal partners, community stakeholders, and the Almaguin Highlands OPP Detachment Board. Together, these partnerships support the shared goal of improving community safety and well-being as we prepare to move forward under the *Community Safety and Policing Act (CSPA)*.

In 2025,

- We saw an 19.7% decrease in property crimes, a 29.4% decrease in drug crimes and a 5% minimal increase in violent crimes. We responded by conducting thorough investigations, leveraging regional and technological resources and holding those responsible, accountable for their actions.
- We enhanced our commitment to traffic safety and prioritized interactions with the motoring public. This resulted in a 76% increase in traffic stops and a 20% increase in Highway Traffic Act offences.
- We partnered with regional resources to tackle commercial motor vehicle (CMV) safety, conducting proactive CMV safety events, further ensuring the safety of our roadways.
- With an extensive trail system and complaints surrounding operation by youth in the community, we continued our focus on a proactive approach to off-road vehicle enforcement, moving from an educational approach to active enforcement and further engaging our Snow machine, All-terrain Vehicle and Vessel Enforcement (SAVE) Unit. This resulted in fewer complaints from the public about off-road vehicle traffic in summer months.
- Based on concerns from community members, we conducted focused patrols in high traffic areas in summer months and engaged in traffic studies with community partners to ensure meaningful deployment of our resources.
- We continued to leverage technology, including body worn cameras, in-car cameras and Automatic Licence Plate Readers (ALPR) to support the collection of evidence, increase transparency and enhance public and officer safety.
- Partnering with the Town of Sundridge and the Canadian Mental Health Association, we secured a three-year grant and formally implemented our Mobile Crisis Response Team (MCRT), a co-

response model that enhance our ability to respond to mental health-related calls, better support victims of crime and connect individuals with local resources.

- With our municipal partners at the Township of Armour, we secured a three-year Reduce Impaired Drivers Everywhere (RIDE) Grant and began to deploy officers strategically throughout the Almaguin Highlands to identify and thwart impaired driving.
- We continued to engage with groups and organizations in our area to build relationships and promote community safety and well-being. We provided community and school presentations on topics like on-line frauds, youth safety and social media safety.
- We celebrated Remembrance Day at multiple venues across the Almaguin Highlands and attended a variety of community celebrations, including fall fairs, and the Sunflower Festival, which welcomes thousands of visitors to our communities.
- We supported the development of our members and participated in a variety of training opportunities, further enhancing our ability to identify, investigate and prosecute impaired drivers, conduct thorough criminal investigations and balancing officer wellness with the availability of our mental health clinicians.

In 2026, we will release our new 2026-2029 Almaguin Highlands Detachment Action Plan. This is the first action plan developed under the CSPA. We are working closely with The Almaguin Highlands OPP Detachment Board and engaging with community members to ensure the needs of our communities are reflected in the commitments we make for the next four years.

Development of the 2026-2029 Almaguin Highlands Detachment Action Plan will coincide with the creation of the 2026-2029 OPP Strategic Plan creating organizational alignment.

As we look ahead to emerging challenges and new opportunities in policing and community safety, our detachment members remain committed to our mission to serve our communities, protect our citizens, uphold the law, and preserve public safety.

Vincer, Doug
Detachment Commander
Almaguin Highlands Detachment

Summary of Commitments

Through analysis and consultation, the following areas of focus were identified for the years 2023-2025.

Crime	Roadways, Waterways and Trails	Community Well-Being
Reduce harm and victimization in the areas of: 1. Violent crimes including intimate partner violence (IPV), assaults and sexual assaults. 2. Property crime including theft over \$5000 and possession of stolen property. 3. Illicit drug trafficking and drug related deaths. 4. Cyber-crime and phone scams.	To sustain a continuous and year-round focus on the “Big Four” causal factors of fatal, personal injury, and property damage collisions by changing driver behaviours responsible for injuries and deaths on roadways, waterways, and trails: 1. Impaired (alcohol/drug). 2. Speeding/aggressive driving. 3. Distracted driving. 4. Lack of occupant restraint and safety equipment.	Identify and utilize a collaborative response to calls for service involving substance abuse issues and mental health crisis.

2025 Crime Progress Results

Commitment	Progress Results
Reduce harm and victimization in the areas of: 1. Violent crimes including intimate partner violence (IPV), assaults and sexual assaults. 2. Property crime including theft over \$5000 and possession of stolen property. 3. Illicit drug trafficking and drug related deaths. 4. Cyber-crime and phone scams.	1. The implementation of a full-time MCRT strengthened collaborative partnerships with community stakeholders, including the Canadian Mental Health Association, the Sexual Assault Domestic Violence Committee, District of Parry Sound Victim Services, the Victim-Witness Assistance Program, and HANDS – The Family Help Network. These partnerships enhanced officer training opportunities and improved access to community-based supports for victims of crime. In support of public safety, the OPP implemented the North East Region Offender Management and Apprehension Program (OMAP), supported by province-wide technological tools that assist officers in identifying repeat offenders and monitoring compliance with court-imposed conditions. These intelligence-led resources support early identification of risk factors and contribute to the disruption of criminal activity. Ongoing officer training, oversight from the Detachment Abuse Issues Investigator (DAII), and continued collaboration with community partners supported a comprehensive and victim-centered response to IPV occurrences. Frontline investigative capacity was further enhanced through specialized training, including the Scenes of Crime Officer course and Advanced Interviewing Techniques, improving investigative quality across offence types, including property crime. 2. Intelligence gathering by the detachment's Community Street Crime Unit (CSCU) contributed to the identification of crime trends, the recovery of stolen property, and the laying of criminal charges. Regional support from Regional Operational Analysts (ROAs) facilitated intelligence-led policing through timely identification of persons of interest and informed deployment of resources. Information-sharing products, including Crime Alerts and Officer Safety Awareness Bulletins, were used to support officer and community safety. Directed patrols and foot patrol initiatives were conducted in identified priority areas to address

	community concerns, increase police visibility, and reduce opportunities for criminal activity. 3. Recognizing that drug addiction and illicit drug trafficking require a multifaceted response, the detachment focused on coordinated enforcement and intelligence development. These efforts resulted in arrests and incarceration of offenders, contributing to the reduction of illicit substances being trafficked within the Almaguin Highlands. Additional training, including the Traffic Stops, Authorities and Investigations course, enhanced officer ability to detect drug-related activity on primary transportation corridors, supporting regional and provincial objectives. 4. In 2025, the detachment observed a decrease in fraud-related offences. While fraud remains a concern, particularly for vulnerable and aging populations, increased officer training and targeted public education initiatives improved community awareness and prevention. Community outreach efforts, including traditional and social media engagement, supported the identification of phishing and online fraud schemes and contributed to the reduction of victimization.
--	---

2025 Roadways, Waterways and Trails Progress Results

Commitment	Progress Results
To sustain a continuous and year-round focus on the “Big Four” causal factors of fatal, personal injury, and property damage collisions by changing driver behaviours responsible for injuries and deaths on roadways, waterways, and trails: 1. Impaired (alcohol/drug). 2. Speeding/aggressive driving. 3. Distracted driving. 4. Lack of occupant restraint and safety equipment.	Traffic safety enforcement focused on the “Big Four” causal factors, impaired driving, speeding/aggressive driving, distracted driving, and lack of occupant restraint, remained a year-round operational priority for the Almaguin Highlands Detachment in 2025. Enforcement and public engagement activities were conducted across roadways, waterways, and trail systems to influence driver behaviour and reduce the risk of fatal, injury, and property-damage collisions. In 2025, the detachment significantly increased interactions with the motoring public, resulting in a 76% increase in vehicle stops. This enhanced visibility supported a balanced approach of education and enforcement and contributed to improved compliance with traffic safety legislation. Collision data indicated a decrease in property-damage-only and non-fatal injury collisions during the reporting period. While an increase in fatal collisions was observed (three incidents), including one where speed was identified as a contributing factor and others occurring outside of traditional highway environments, the detachment responded by strengthening its marine and off-road enforcement presence. This included targeted training, regular deployment of officers to trails and waterways, and the use of regional Snowmobile, All-Terrain Vehicle and Vessel Enforcement (SAVE) resources. Impaired driving enforcement remained a priority. In 2025, impaired driving offences decreased, and the detachment successfully secured a Reduce Impaired Driving Everywhere (RIDE) Grant, enhancing the ability to conduct proactive RIDE initiatives. These initiatives increased police visibility and supported early intervention to prevent impaired driving-related collisions on roadways, trails, and waterways.

2025 Community Well-Being Progress Results

Commitment	Progress Results
Identify and utilize a collaborative response to calls for service involving substance abuse issues and mental health crisis.	The implementation of a full-time MCRT enhanced the detachment's ability to respond to calls for service involving mental health and substance use crises by providing timely, collaborative, and appropriate supports to individuals pre-crisis, in-crisis, and post-crisis. Through partnerships with community service providers, individuals were connected to meaningful local resources, reducing reliance on enforcement-only responses. The Crisis Call Diversion Program, which embeds a mental health and addictions crisis worker within the Provincial Communications Centre, continued to provide early intervention for consenting callers experiencing acute mental health, substance use, or family-related crises. This co-response model supports de-escalation, improves access to appropriate levels of care in non-emergent situations, and reduces unnecessary emergency department visits. These initiatives reflect the OPP's commitment to collaborative, community-based approaches that enhance service delivery and support community well-being.

Other Community Updates

- With the establishment of the Almaguin Highlands OPP Detachment Board and the continuation of strong partnerships with emergency services, community stakeholders, and education administrators, the detachment maintained ongoing engagement to support collaboration, information sharing, and continuous improvement in service delivery. These partnerships contributed to joint training opportunities, community education initiatives, and increased awareness of emerging crime trends.
- Leveraging advanced technology, regional analytical expertise, and funding obtained through the provincial Reduce Impaired Driving Everywhere (RIDE) Grant, the detachment utilized data-driven analysis to identify traffic and impaired-driving trends across the Almaguin Highlands. This intelligence-led approach supported the self-deployment of officers and the initiation of targeted RIDE initiatives, resulting in the early identification and arrest of an impaired driver on a rural roadway prior to any collision or public complaint. This proactive enforcement model is employed regularly to enhance roadway safety across the detachment area.
- The Almaguin Highlands Detachment maintained a consistent presence within local schools and at community sporting events to engage positively with youth and promote trust, awareness, and crime prevention. Feedback received from students, educators, parents, and coaches highlighted the value of these interactions in fostering positive relationships and supporting youth development. Youth engagement remains a key component of community safety and long-term well-being.
- Recognizing the increasing demand for mental health-related supports, the MCRT continued proactive engagement with community partners to support individuals and families before crisis escalation. This collaborative, community-based approach enhances early intervention, supports appropriate referrals, and contributes to improved outcomes for community members experiencing mental health challenges.

Calls for Service

Table 1.1

All CAD Events*	Immediate Police Response Required**
12,139	2,765

* This represents all Computer Aided Dispatch (CAD) event types created for each detachment area. Not all CAD events are dispatched to a frontline OPP detachment officer. Some events may have been actioned by another OPP member, diverted to another unit, or deemed a non-OPP event. This does not include officer or detachment generated events that have not been reported through the PCC, or any online reporting events.

** This represents the total number of CAD events prioritized for an immediate police response, indicating the potential for extreme danger, catastrophic circumstances, injury, the threat of injury, death, and/or crime in progress.

Policing Hours

The OPP has developed a Service Delivery Model (SDM) in response to several reviews and audit recommendations. The SDM is designed to:

- Promote officer wellness through balanced workloads
- Determine adequate staffing levels at each detachment
- Ensure the continued delivery of adequate and effective policing services in accordance with the *Community Safety and Policing Act (CSPA)*

To support SDM implementation, the OPP is undertaking a multi-year staffing strategy to address required increases in detachment personnel. This model supports the OPP’s ability to:

- Respond effectively to increasing calls for service
- Maintain safe communities through proactive patrols and community engagement
- Meet municipal expectations for police visibility

To monitor progress and guide detachment-level planning, the OPP has established time allocation targets for provincial constables (Figure 1). These targets reflect how time should ideally be distributed by the end of the SDM staffing strategy.

The targets are based on a provincial average, and variations are expected between detachments due to differences in geography, operational structure, recruitment and leave of absence rates.

Detachments may face challenges in achieving these targets, but progress is expected as scheduling, data quality and strategic deployment continue to improve.

Source: Niche Records Management System (RMS), (2026/02/24)

Note:

- Statistics Canada's Uniform Crime Reporting Survey was designed to measure the incidence of crime in Canadian society and its characteristics.
- Reported, Unfounded, Actual, Not Cleared, Cleared by Charge and Cleared Otherwise counts (2023, 2024 and 2025) and Clearance Rate for 2025 included.
- Actual counts and Clearance Rate (2023, 2024 and 2025) included.
- The most serious violation methodology (MSV) is used, which is the same as Statistics Canada's methodology. The MSV counts only the first of up to four offences per incident that occurred in the specific time range.
- First Nation population is not included.
- UCR Statistics Canada Verified (green checkmark) only.

 - Excludes incomplete DAR entries and those with errors.
 - Excludes General Headquarters location codes.

CONTACT THE OPP

Know your location - be ready to describe the situation and your location. Look for addresses, landmarks and buildings that may help identify your location.

REACH THE OPP BY PHONE

- Call 9-1-1 if there is an immediate risk to someone's life or property
 - to stop or report a crime in progress
 - to report a fire
 - to report a life-threatening medical emergency
 - Don't hang up, stay on the line
- To report non-life-threatening incidents that require a police response, use the non-emergency line (1-888-310-1122) or go to opp.ca/reporting
- TTY 1-888-310-1133 or agent 511 for registered subscribers may be used for individuals in the Deaf, Hard of Hearing and Speech Impaired (DHHSI) community to contact police
- For all administrative inquiries or to schedule an appointment, find contact information for your local detachment at opp.ca/detachments

PROVIDE AN ANONYMOUS TIP

- Call Crime Stoppers at 1-800-222-8477 (TIPS) or visit www.crimestoppers.ca

REPORT AN INCIDENT ONLINE

- The OPP offers online reporting for minor, non-emergency occurrences in areas of OPP jurisdiction. opp.ca/reporting allows you to submit a report without visiting or calling.
- Use the online reporting tool for:
 - Theft Under \$5,000
 - Mischief / Damage to Property Under \$5,000
 - Mischief / Damage to Vehicle Under \$5,000
 - Theft from Vehicle Under \$5,000
 - Lost / Missing Property Under \$5,000, including a licence plate(s) or validation sticker(s)
 - Driving Complaints

If you are reporting an emergency, call 9-1-1.

#KNOWWHENTOCALL

9-1-1 is for emergencies only: If there is an immediate risk to someone's life or property.

- ✓ a crime in progress
- ✓ a fire
- ✓ a life-threatening medical emergency

Dialed 9-1-1 accidentally? #Be911Ready. Don't hang up, stay on the line and speak with an OPP Communicator to confirm there's no emergency.

The misuse of 911 ties up emergency lines, communicators and officers, which can result in a slower response to a real emergency and risks the safety of people who may need urgent help.

It is against the law to call 9-1-1 as a joke. Prank 9-1-1 calls can be dangerous and waste valuable emergency resources.
